## Skills

---

Computer Languages - Python  
Front-End Development - HTML, CSS, JavaScript, Bootstrap, React.js  
Database Management – MySQL  
Developer Tools - Git, GitHub, Visual Studio Code  
CS Fundamentals - Data Structures, Operating Systems, OOPs,

## Education

---

### Audisankara Institute of Technology

- Bachelor of Technology in Computer Science & Engineering

Gudur, Tirupati

Aug 2020 - May 2024

## Projects

---

### Tour and Travel Website| [GitHub](#)

May 2024

- Developed a responsive front-end interface for a travel web app using HTML, CSS, JavaScript, Bootstrap, and React.js, resulting in a 40% increase in user engagement.
- Collaborated with a team of 3 to design wireframes and sitemaps, enhancing the overall user experience and creating a seamless interface.
- Integrated personalized trip-planning features with optimized routes and destination suggestions.
- **Tech Stack:** HTML, CSS, JavaScript, Bootstrap, React.js, Node.js

### Python Projects | [GitHub](#)

Oct 2023

- To-Do List App: Built a Python application to streamline task organization, boosting productivity by 25%.
- Simple Calculator: Created a basic calculator to strengthen Python fundamentals.
- Password Generator: Developed a password generator with complex password suggestions to enhance security.
- **Tech Stack:** Python

## Experience

---

### Full Stack Developer Intern (Remote) | International Institute of Digital Technologies

Jan 2024 – May 2024

- Worked on front-end and back-end development using HTML, CSS, JavaScript, and React to build responsive applications.
- Optimized loading times by 20% through code optimization techniques.
- Participated in agile workflows, meeting project deadlines within a distributed team setup.

### Python Programming Intern (Remote)| CodSoft

Sept 2023 – Oct 2023

- Improved algorithm design and debugging, reducing bug resolution time by 30%.
- Enhanced code quality and organization, increasing Python application efficiency.

## Achievements

---

- Earned 3-star ratings in Python and SQL on [HackerRank](#).
- Completed 50+ Python challenges on [LeetCode](#), sharpening problem-solving skills.
- Contributed to collaborative coding projects, developing teamwork and technical expertise.
